Subject: FINAL 2010 COMMAND PERFORMANCE REVIEW OF THE
INDIO AREA

I am issuing this final performance review report of the Indio Area pursuant to Government Code (GC) §13887, the California Highway Patrol (CHP) Audit Charter and CHP Audit Plan. The review focused on the operations of the command related to arrest reports, evidence and property, officer's monthly activity forms, manager and supervisor evaluations, ride-along program, special duty positions, unusual occurrence log, subpoenas and court attendance, daily field reports, secondary employment documentation for employees, inconsistent and incompatible activities statement documentation, and the maintenance of substance abuse kits.

The inspection findings for the Indio Area are as follows:

1. Eleven of the 22, 50 percent, evidence items inspected were not removed from the temporary pass-through lockers by the evidence officer for initial receipt within one day, excluding weekends and holidays.
2. Six of the 22, 27 percent, evidence items inspected had not been checked to determine if they meet the criteria to be purged.
3. Three evidence items inspected involved property, and a property letter had not been sent to the owner.
4. Seventeen of the 22, 77 percent, evidence/property packages inspected did not contain initials, date, and/or an identification number across the seal from the booking officer.
5. One evidence item seized as a result of a search warrant did not have a copy of the search warrant attached to the CHP 36, Evidence/Property Receipt/Report form.

Safety, Service, and Security

October 12, 2010

6. One annual performance evaluation for one Public Safety Dispatch Supervisor I for calendar year 2007 was not completed within 60 days following the promotional anniversary date.
7. Seven of the 20, 35 percent, of the CHP 415 forms reviewed did not correctly document verbal warnings, motorist services, and/or aid to disabled motorists (ADV). The CHP 415 forms did not contain either the driver's license number of the violator and/or the section violated for verbal warnings, a vehicle license plate or last six of the VIN number for motorist services, and/or a vehicle license plate for ADV's.

The Indio Area commander agreed with the findings, and has taken corrective action to improve command operations. The commander's response is attached and is incorporated into this final report.

In accordance with the *International Standards for the Professional Practice of Internal Auditing* and Government Code §13887 (a) (2), this report, the response, and any follow-up documentation is intended for the Office of the Commissioner; Assistant Commissioner, Field; Office of Inspector General; Office of Legal Affairs; and Border Division. In accordance with the Governor's Executive Order S-20-09 to increase government transparency this report will be posted on the CHP internet website, and on the Office of the Governor's webpage, located on the State Government website.

Subject: RESPONSE TO INDIO AREA'S COMMAND PERFORMANCE REVIEW

This memorandum is intended to serve as the written response to the Performance Review Report of the Indio Area as required by the Office of Inspector General's memorandum dated August 26, 2010.

FINDINGS REQUIRING FOLLOW-UP:

Finding 1 – Agree. As noted in this and previous inspections, the Area has addressed this problem by modifying its special duty assignments in October 2009. This change seems to have had a positive effect. As pointed out in this inspection, “the overall processing of evidence has improved since the current Evidence Officer took over....”

Finding 2 – Agree. This has been noted and addressed in previous inspections. The Area has adjusted its internal procedures to ensure that this is accomplished on a more consistent basis in the future. Improvement has been confirmed by an audit and review of the Area's Evidence/Property System conducted by Border Division Assistant Chief B. Clark in August 2010.

Finding 3 – Agree. This has been noted and addressed in previous inspections. The Area has adjusted its internal procedures to ensure that this is accomplished on a more consistent basis in the future. Improvement has been confirmed by an audit and review of the Area's Evidence/Property System conducted by Border Division Assistant Chief B. Clark in August 2010.

Finding 4 – Agree. A briefing Item has been completed re-enforcing Department policy. In this case, employees have been reminded to place his/her initials, identification number and date on the seal of the evidence bag or envelope. The Evidence Officer has provided a class on this and other evidentiary issues at 3rd Quarter Area Training Days

Safety, Service, and Security

September 23, 2010

Finding 5 – Agree. The Area has adjusted its internal procedures to ensure that this is accomplished in the future. This situation has been brought to the attention of the booking officer as an additional measure in preventing reoccurrence.

Finding 6 – Agree. The Area has a suspense system in place that is closely monitored by Area Management. It ensures that all performance evaluations are completed as required by Department policy. This was noted by the inspectors. Moreover, the missing evaluation referred to in the inspection was in fact the responsibility of the employee's previous Commander. She was assigned to and was working in the Humboldt Area in 2007, when the evaluation in question was due.

Finding 7 – Agree. A briefing item was completed in July 2010, re-enforcing Department policy as it relates to the requisite data to be transcribed on an employee's Daily Field Record (CHP 415). Field supervisors have been reminded to closely review these documents during the approval process to ensure that this document is being completed as required.

Questions regarding this response may be directed to me via e-mail at SSutherland@chp.ca.gov or by telephone at (760) 772-8911.

Questions 1 through 11 pertain to the review of Arrest Reports.

Consider the following when reviewing arrest reports:

"Probable cause to arrest is a set of facts that would cause an officer or citizen of similar training and experience of the arresting officer or citizen to form an honest and strong belief that the individual has committed a crime, based on the totality of the circumstances."

"Reasonable suspicion is a set of specific and articulable facts that leads an officer to reasonably believe that a crime is occurring, is about to occur, or has occurred, and that the person detained is connected to that activity which is criminal in nature. A detention is an exertion of authority that is something less than a full arrest, but more substantial than a simple contact or consensual encounter."
